MINISTRIES

Pastor Daniel Titoi, Chair, SRM Cheptais Office, meeting with church in Uganda.

June 26, 2017

A report from Pastor Daniel Titoi, Chairman, Cheptais Office, Spirit Renewal Ministries, regarding his recent visit to Uganda, to share the gospel of Christ and the news of Spirit Renewal Ministries' programs of training for Pastors, and the *Bibles for Africa* Program.

Dear Friends:

I recently spent eleven days in East Uganda where, along with Pastor Cherop Godfrey, I visited five churches in the Kapchorwa region. Pastor Godfrey, with Central Church, Kapkoros, Uganda, is also a member of SRM's East Africa Committee, with its office in Eldoret, Kenya. Pastor Godfrey was very cooperative and took me to the churches where we met with pastors Johnson, Betty, Beatrice, Samson and Godfrey, together with members of their respective churches. The purpose of my visit was to introduce and elaborate on the ministry of Spirit Renewal Ministry in Africa, our calling, objective and mandate. I gave the churches information about SRM's training programs for pastors and church leaders as well as the *Bibles for Africa* program. I distributed SRM newsletters and business cards.

During our meetings, we were discerning if there would be a need for SRM to undertake training seminars for pastors. I asked the pastors to share their training needs and they identified four areas that would be helpful: a) to know Jesus better, b) to become more effective preachers in order to preach Christ crucified and risen; c) to build churches that will embrace and share the gospel of Christ and the Good News of the Kingdom of God, and, d) equip Ugandan pastors and leaders for more effective service.

We deeply desire your prayers for our sincere and earnest needs in these initiatives which we would like to undertake with God's help. Rev. Wawire, Chair of SRM's Eldoret Committee, Pastor Godfrey, Uganda, and I will work closely together for the planning of future initiatives in this region of Uganda.

Your brother,

Rev. Daniel Titoi.

PS: The pastors in Mount Elgon and Cheptais region of Kenya have no Bible School or seminary, thus most of the pastors need more training and equipping to increase their competencies and effectiveness. Therefore, with the help of SRM, I propose that we establish a library to house theological books and training materials in Cheptais that can help equip our leaders and pastors.

SRM Cheptais Committee, Pastor Titoi, back, left.
